### Key Objectives & Core Functions of NAD Committee:

- The National Academic Depository (NAD) cell shall be responsible for managing digital certificates and academic records within the University and NAD portal.
- Digital Issuance and Storage: The NAD Cell facilitates the issuance, digital storage, and access to academic awards like degrees, diplomas, and mark sheets in a secure, tamper-proof online repository.
- Authentication and Verification: It ensures that academic records lodged in the NAD are authentic and allows online, real-time verification for students, employers, and other institutions, reducing the risk of fraud.
- Student and Institutional Support: The NAD Cell supports students and faculty in accessing and uploading academic records, and coordinates with the central depository for smooth operations.
- Data Integrity and Security: It is responsible for maintaining the integrity and confidentiality of student data within the NAD system.
- Interoperability: NAD integrates with other educational boards and universities, allowing seamless transfer and verification of records between different institutions.
- Aadhaar/ID Integration: Uses Aadhaar or a unique NAD ID for secure registration and login for students and staff.
